

wePresent® 9

Multimedia wireless presentation system
with high speed projection

-  · High Performance Projection
-  · 4-to-1 Split Screen Projection
-  · Plug-and-Show (PnS)
-  · Conference Control
-  · Audio Projection
-  · HD Video Playback
-  · Windows 7 Compatible
-  · Smartphone / PDA Projection
-  · PC-less presentation (PtG) Support

WP-910 adopts multimedia projection technology developed by Awind which provides high speed projection with audio to make your presentation professional and entertaining! Its driverless design (PnS) lets every guest quick and easy access without any installation, and zero-configuration required from IT staffs. The Conference Control feature provides an easy web interface for meeting mediators to quickly switch among multiple PCs. Moreover, it is also an HD video player to playback 1080p videos on big screen!
